Reasons for allowance

1. This communication is in response to applicant's 02/25/2005 amendment in the application of Ichiyoshi for a "FDM-CDMA transmitting method, FDM-CDMA receiving method, FDM-CDMA transmitting device and FDM-CDMA receiving device" filed 05/10/2001.

This application claims foreign priority based on the application number 138181/2000 filed in Japan on 05/11/2000. It is noted, however, that applicant has not filed a certified copy of the 138181/2000 application as required by 35 U.S.C. 119(b). The proposed amendments has been entered and made of record. Claims 4, 8, 12, 16 have been canceled per Applicant's request, and claims 1, 5, 9, 13 have been amended. The claims 1, 15, 29 and 30 have been amended to better point out and more distinctly claim subject matter comprising the invention.

6. Claims 1-3, 5-7, 9-11, 13-15 are allowable as evident by applicant's amendment (Claims are renumbered as 1-12 respectively).

7. The following is an examiner's statement of reasons for allowance: The closest prior art of record fails to disclose or suggest wherein the spreading code setting circuit only generates the spreading codes corresponding to the frequency channels used in the FDM-CDMA method when FDM method broadcasting and the FDM-CDMA method communication are used together for transmission, as specifically recited in the claims. The instant invention, in combination with the other claimed features, improves upon the Prior Art by providing a method and system for FDM-

CDMA transmission, which can integrate the FDM method broadcasting and the CDMA method communication.

8. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
